

Icelandic Sheepdog International Cooperation

## **NEWSLETTER NOVEMBER 2023**

To all club!

The annual seminar was held in Sweden on Salnö gård on the island of Vaddö a bit north of Stockholm. We add some pictures so you can see the beautiful weather and the participants.

With this letter we send you the notes from the chairman meeting with attached finances, included the audit report, an updated version of Rules of Procedures and a "wish list" from the Breeding group.

We would like you to notice that ISIC, during the meeting, decided to have a new meeting on January 27<sup>th</sup> and before that we ask you to send suggestions of persons to be appointed as "apprentices".

The ISIC seminar ended in a feeling of hopes and plans for the future. But now it is important that all clubs read the notes and discuss how the clubs can contribute to a more active ISIC.

***ISIC/Executive Committee 15<sup>th</sup> November 2023***
